High-Performance with webOS

LG webOS platform enhances user convenience with intuitive GUI and simple app development tools.

Built-in Speaker

Contents will be enriched with sound effects from built-in speakers, without the need for purchasing or installing external speakers.

* Internal Built-in Speaker Support (L/R max 10 W)

Slim Design

Being slim, a closer installation to the wall is advised. Additionally, this increases the screen's immersive experience and provides a sophisticated design, improving the installed-space's décor.

Mobile Content Management

You can create a store profile and get template recommendations using the Promota* app. Users can customize templates as needed and easily create and manage content not only on PCs but also on mobile devices.

* LG Promota is can be downloaded from the App Store and Google Play store. (Not available for Europe/CIS Region)
* In Korea, the name is not Promota, but Mustard.

Compatible with AV Control System

The UM5K series has supported Crestron Connected® for high compatibility with professional AV controls to achieve seamless integration and automated control*, boosting business management efficiency.
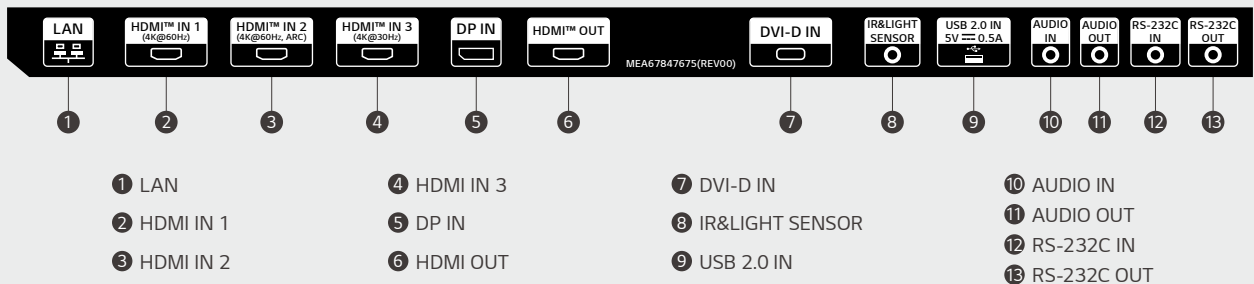

* Network based control
