* 1 pole TV stand accessory is sold separately.

LG NanoCell

Nano Panel

Experience the revolutionary technology of NanoCell, which uses a specialized polarizer and non-sized materials to achieve exceptional color reproduction without distortion. Advanced nano technology filters out impure colors from RGB wavelengths, delivering vibrant, pure colors and true 4K visuals. Enjoy lifelike imagery with precise colors and enhanced contrast. By utilizing nano-sized light-absorbing materials, NanoCell separates overlapping green and red wavelengths, expanding the color gamut and improving accuracy. Elevate your viewing experience and watch your favorite content come to life!

Through this function, the guest' request will be satisfied with immediate response.

works with
Google Cast

LG Hotel TV works with Google Cast

Enjoy quick access to your personal devices with a convenient QR code on LG Hotel TV for streaming your favorite OTT shows on the big screen, and experience secure checkout with automatic erasure of personal information for peace of mind. Plus, with persisted pairing, connect your devices once and stay linked throughout your entire stay!

* Google Cast is a trademark of Google LLC.
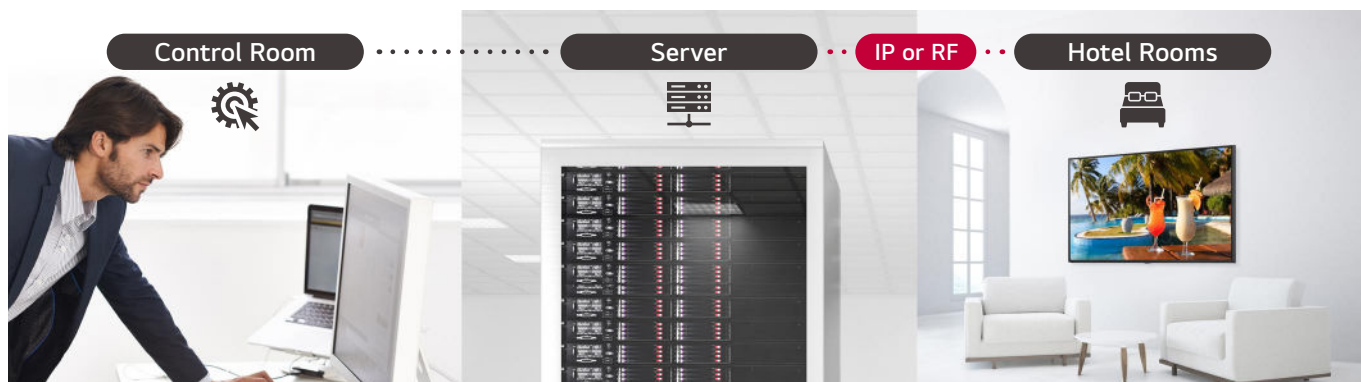

Works with AirPlay

With Apple AirPlay, guests can stream content to LG Pro:Centric Smart Hotel TVs, right from their iPhone or iPad, whether it's to watch movies and shows from their favorite apps or share what's on their Apple devices, including photos, personal videos, games and more. Guests simply scan a unique, on-screen QR code after checking in to privately and securely pair their iPhone or iPad directly to the TV in the room for the duration of their stay.

Easily Accessible to Netflix Application

Experience a wide variety of video content from Netflix on UK762H with Pro:Centric solution. Enjoy the comfort of your room and a streaming service that offers a thousands of selections.

* Netflix membership required.

Pro:Centric Direct

The hotel content management solution Pro:Centric Direct offers easy and simple editing tools, making it easy to perform service and IP network-based remote management with a single click. The Pro:Centric Direct solution enables users to edit their interface easily by providing customized interface and efficiently manages all TVs in the room. It provides IoT-based in-room control that will be your starting point to prepare for the hotel rooms of next generation through artificial intelligence.

* Some features may not be supported based on PCD versions.

* All images are for illustrative purposes only.

SoftAP

An advancement from the previous model, which required a physical wired connection to TV to use the SoftAP feature, the new Wireless-In SoftAP offers excellent connectivity options for the hotels by wireless connection to TV.
